9. Do I have to list my parent or legal guardian as my emergency contact?

For many students, the emergency contact is likely to be a parent or guardian; however, it may also be a sister, brother, spouse, partner, another relative or a friend. Students can list the person of their choice to be their emergency contact; it does not have to be their next of kin. Carefully consider who you select and be sure to let the person know that they are your point of contact for ECU in the event you are involved in an emergency situation.
